Polymer Clay 101

Look, Learn & Create

By Angela Mabray and Kim Otterbein

Polymer clay just possibly may be the best art medium ever. **Polymer Clay 101** (*Creative Publishing international/ January 2011/\$24.99/PLC Spiral with DVD*) is written for the absolute beginner. These thorough instructions and step-by-step photographs expertly guide readers through the basics of crafting with polymer clay. Authors Angela Mabray and Kim Otterbein will teach you about the tools and techniques used for this craft. Each of the 20 projects in the book introduces a new way to get creative with polymer clay. As you explore this all-inclusive workshop, you will gain confidence in your skills and be encouraged to design your own projects.

You'll also learn how to:

- Condition, blend, shape and bake the clay
- Make polymer clay canes and use them in creative ways
- Marble, stamp, extrude, mold, carve, and embed clay
- Make jewelry, tool handles, knick-knacks, or ATCs.

BONUS! Like all other books in the 101 series, Polymer Clay 101 includes a DVD so you can watch polymer clay crafting in action.
